We consider quality the first importance,
low prices next, as poor goods are dear
at any price.

Our line of HOUSE FURNISHINGS,
LAMPS, CROCKERY, AGATE and
TINWARE is complete.

When it comes to TEAS and COFFEES
we fear no one when price and quality
play their part.

PERKINS' RURAL DIRECTORY

1909

The compiler and the publisher of this directory assume no liability whatsoever for damages accruing from errors or omissions in the making up and printing of this book.

HINTS—To find a name, you should know how to spell it. Schmidt may be Smith or Smythe; Koch, Cook; Haly, Haley; Carney, Kearney, etc. Christian names frequently perplex as to whether Katherine, Kathryn Kate or Kittie, instead of Catherine, etc. If not found in the Mc's look in the Mac's. In this directory the head of the family is listed first, with the rural free delivery route or post-office next; the location of residence follows. The members of the family, if any, are listed last. Distances are from the post-offices from which the R. F. D. routes start; when distance is not given it is a local office. To find distance between different places see chart of distances on green page.

ABBREVIATIONS.—*Ro*, route; *P. O.*, post office; *bet.*, between; *mi*, miles; *N.*, north; *S.*, south; *E.*, east, etc.

Glens Falls

Are you insured against fire?

GOOD!

Are you insured in a good Company?
BETTER!

Are you insured in the **Glens Falls**?
BEST!

Always get THE BEST.

THE COMPANY BEHIND THE POLICY is the whole thing, and yet few insurers know the names of the Companies whose policies they have bought, much less concerning their history and financial condition.

Investigate the GLENS FALLS INSURANCE COMPANY and you will find:

THAT IT IS NO EXPERIMENT, having a SIXTY YEARS' honorable history;

SIXTY YEARS of prudent management and continuous growth;

That its FINANCIAL CONDITION is not only solid, but unique in essential features of sound and continuing indemnity.

It is a strong company of the present and with a PAST RECORD which promises that it will be a **Strong Company of the future**.

Scores of fire insurance companies have come and gone during the long life of the GLENS FALLS.

THIS COMPANY IS REPRESENTED BY

C. W. STREETER, Fulton, N. Y.

WE SELL FOR CASH

Can you afford to trade with a firm which does business on long credit?

It costs money to carry such accounts, also to keep books, pay postage on bills mailed, and pay a salary or percentage to collectors. These expenses are not necessary in a business run on a cash basis.

Have you ever noticed how much easier it is to pay for an article when you get it than to pay for it a year or two later, perhaps after it is worn out? In the first instance you know what it is and expect to derive some benefit from it; in the second, it is a thing of the past, there is nothing to anticipate, perhaps you have forgotten that you purchased it and you make an effort to recall it to mind. **You are paying for a Dead Horse.**

Our experience, after conducting a credit business for many years is that this method gives very little satisfaction on either side.

Then we have to consider the losses and expenses of a credit business. You pay these as the prices asked are correspondingly higher. Why shouldn't they be? Expenses have to be paid and a small margin of profit assured, else where would be the benefit of investing one's money?

We have heard people boast that a firm allowed their account to run a year or two. And those same people, when a bill is rendered, will pick it all to pieces, try to remember when each article was purchased and for what it was used. Such a bill is paid with great dissatisfaction and no sense of value received. And what is gained? You pay more, feel less satisfied and have compelled a merchant to carry a dead account.

This brings up a third reason for cash buying, the pleasure derived from the purchase itself. Can you enjoy a transaction as much when you ask a merchant to charge an article as you can when you lay down the money with which to pay for it? In the first instance you ask a favor, in the second, you confer a favor.

Here we find one of the greatest of truths, "It is more blessed to give than to receive,"—and certainly more pleasant and more profitable.

If these arguments do not appeal to you let us consider further. How long should an account run, to be fair? Some answer thirty days, others three months, others six months, and a very few a year.

What interest is allowed at the savings bank? Three-and-a-half or four per cent a year.

**With All Cash Sales We Give S. & H.
Green Trading Stamps**

worth at least five per cent. This is equal to a year's credit, it is better for you and better for us.

Card to the Rural People.

Knowing the need of a rural directory for this section of the country, I called upon the business people and placed the subject before them, and finding a sentiment in favor of such a book, I went to work on the directory.
